RESTORE and SLEEP Combo

ADDITIONAL DETAILS

ACCELER8 RESTORE

ACCELER8 RESTORE supports the body in naturally restoring a holistic healthy balance and releasing extra weight. When the body is overridden with toxins, it can feel lethargic, bloated, and be plagued by a myriad of other health issues. ACCELER8 RESTORE is made of three proprietary nutritional blends that nourish the body with health-enhancing nutrients that help renew its natural ability to achieve and maintain optimal health and weight.

ACCELER8 RESTORE contains all-natural phyto-nutrients and organic compounds known to have a gentle detoxing effect that naturally cleanses the body and promotes digestive health and increased vitality. In addition, each capsule is packed with high quality, naturally stable prebiotics, probiotics, and enzymes that help replenish a beneficial level of good bacteria in the gut microbiome, which is crucial for overall health and strong digestive and immune systems.

ACCELER8 SLEEP

ACCELER8 SLEEP (white capsule) promotes physical and mental relaxation and improved sleep. Stress spikes cortisol and decreases serotonin in the body – both of which can hinder sleep and cause weight gain. ACCELER8 SLEEP is formulated with powerful herbal extracts and other natural substances that work harmoniously to naturally lower cortisol and balance serotonin, which helps the body and mind feel more relaxed and can facilitate losing stubborn weight caused by stress.

The natural soothing effects of the ingredients in ACCELER8 SLEEP can also aid you in falling asleep faster, sleeping more soundly, and waking feeling well rested without grogginess. Getting a good night's rest is one of the best things you can do for yourself. Adequate sleep is an important part of a healthy lifestyle and can benefit one's heart, mind, weight, and more. It has even been found to be as important to health as exercise and diet.
