

B-CARDIO

Nitric Oxide Booster

RESEARCH-BASED CARDIO HEALTH FORMULA

Naturally boost your health and vitality! B-CARDIO is formulated to support your body's natural ability to produce Nitric Oxide (NO). Achieving and maintaining optimal NO levels is vitally important for a healthy body and healthy life. Nitric Oxide is among the most important molecules in the human body for its ability to promote healthy circulation and enhance cardiovascular performance. In fact, NO can deliver health benefits to every organ system in the body.

B-CARDIO is designed around the latest research about how Nitric Oxide functions. The human body has a system of metabolic pathways for synthesizing Nitric Oxide; and when that system is fully functional, it creates a synergy that produces remarkable health benefits. However, for many people, only part of this system is active due to deficiencies in our modern diets. As a result, our bodies are frantically trying to maintain health but lack the full capacity to produce the needed Nitric Oxide. This, plus the fact that our NO levels begin to drop after age 30, has led to dramatic increases in cardiovascular disease and interrelated illnesses throughout the Western industrialized world.

Most Nitric Oxide products on the market today only provide the nutritional precursors for part of the NO system. These products are built around L-Arginine supplementation and ignore the nutritional needs of the system as a whole. But B-CARDIO has System Standard™ Technology that delivers all the necessary nutritional precursors to drive the ENTIRE system of metabolic pathways for Nitric Oxide synthesis!

Naturally Boost Your Vitality!

BENEFITS MAY INCLUDE:

- Naturally Boost Nitric Oxide (NO) Production in the Body
- Support Healthy Blood Pressure and Cardiovascular Health
- Increase Energy and Endurance Without Caffeine or Stimulants
- Enhance Exercise Performance; Great Pre-Workout
- Alleviate Muscle Soreness and Promote Faster Recovery

PRODUCT DETAILS:

- Raspberry Cardio Health Drink
- Doctor-Formulated NO Booster System Standard™ Technology
- Proprietary Formula Made With L-Arginine and L-Citrulline
- 0 Calories and Sugar-Free

For more information, contact a B-Epic Independent Brand Partner.

B-CARDIO

Cardio Health Formula

PRODUCT DETAILS

SUGGESTED USE: 1 serving per day. Mix one scoop (3 g) into 8-12 oz of water to taste.

CAUTION: Consult your physician before taking this or any health supplement, especially if you are pregnant or nursing, have a medical condition, are taking prescription drugs, or are under the age of 18.

WARNING: Keep out of reach of children.

STORAGE: Store in a cool, dry place to maintain freshness.

MADE IN USA

Supplement Facts

Servings Per Container: 30

Serving Size: 1 scoop (3g)

Amount Per Serving		% DV*
Calories	0	
Vitamin B6 (as Pyridoxine HCL)	1.2 mg	71%
Vitamin B9 (as Folic Acid)	250 mcg	104%
Vitamin B12 (as Methylcobalamin)	500 mcg	229%
Vitamin C (Ascorbic Acid)	33 mg	37%
Vitamin D3 (as Cholecalciferol)	2.3 mg	29%
Vitamin K1	1%	17%
Magnesium (as Magnesium Oxide)	10 mg	1%
Potassium (as Potassium Nitrate)	250 mg	6%
Proprietary Blend	1,967 mg	†
L-Citrulline, L-Arginine, Potassium Nitrate, Hawthorn Berry, Beet Root, Beta Cyclodextrin, CoQ10, Piperine		

**Percent Daily Values are based on a 2,000 calorie diet.

† Daily Value (DV) not established.

Other Ingredients: Natural flavors, Citric Acid, Malic Acid, Silicon Dioxide, Sucralose, Stevia Extract

Gluten Free, Dairy Free, MSG Free

Manufactured in a cGMP certified facility and third-party tested.

Formulated by Adam Saucedo, M.D.

*These statements have not been evaluated by the Food and Drug Administration.
This product is not intended to diagnose, treat, cure, or prevent any disease.*

*Individual results will vary. Best if taken as part of an overall healthy lifestyle.
As with many health supplements, consistent use is key to maximizing the benefits.*

B-CARDIO

Cardio Health Formula

ADDITIONAL DETAILS

B-Cardio is designed around the latest University based, peer reviewed research, that together represent the current expert consensus model for how Nitric Oxide functions in the human body.

The human body has a SYSTEM of metabolic pathways for synthesizing Nitric Oxide that requires a number of nutritional precursors. When the system is fully functional, it exists in a beautiful, self-sustaining metabolic cooperative that creates many powerful health benefits.

The PROBLEM is that a large part of the Nitric Oxide system is nonfunctional in most people in western industrialized nations. This is because of diets that lack the necessary nutritional precursors to drive the entire system of metabolic pathways for Nitric Oxide synthesis.

In regard to this problem, Dr. Balamurali Ambati stated, "low levels of nitric oxide cause increased vascular tone that can effect the function of the vessels and the health of the entire body." As a consequence, our bodies are furiously trying to maintain health but lack their full capacity to produce Nitric Oxide.

The disadvantage and suffering this creates is evident in the soaring numbers of people around the world suffering from cardiovascular disease and all of the interrelated illnesses.

Most Nitric Oxide products on the market today are designed on obsolete and incomplete research data. They provide the nutritional precursors to drive only a limited part of the Nitric Oxide system. These products are built around supplementation with amino acids such as L-Arginine and ignore the nutritional needs of the system as a whole.

To give your body maximum NO potential, B-CARDIO has System Standard™ Technology that delivers the necessary nutritional precursors to drive the ENTIRE system of metabolic pathways for Nitric Oxide synthesis.

About this B-CARDIO creator Dr. Adam Saucedo said, "I cannot overstate the positive healthful impact that results when the body is given what it needs for a fully functional SYSTEM for Nitric Oxide synthesis."
